times...

DENNIS TERRY: They're getting redundant man.

DETECTIVE BURKE: How many time..how long you been here?

DENNIS TERRY:

I came here in on August of ninety five (95), so that's what, three and a half

years, roughly?

DETECTIVE BURKE: Yeah. Where did you come from Terry?

DENNIS TERRY: Seattle.

DETECTIVE BURKE: That's a pretty good town.

DENNIS TERRY: Use to be.

DETECTIVE BURKE: What do you do for a living when you work at, I know your not now, but when you are

working?

DENNIS TERRY: When I was working I was a glass cutter, glazier, I can't do that anymore I hurt

my back and between my (inaudible..) and vietnam my mind went (inaudible..) and I've been on disability for a couple of years, I was taking drugs for that uh..uh..

DETECTIVE BURKE:

DETECTIVE BURKE:

What type of drugs have you been taking?

DENNIS TERRY:

I'm a patient at the VA hospital or was...

DETECTIVE BURKE:

Here in..

DENNIS TERRY: ..I was..

..here in Reno?

DENNIS TERRY:

Yeah, yeah, yeah um..prozac, (inaudible..) and (inaudible..) for

sleep.

DETECTIVE BURKE:

Do you have like a list of this, of the medication in the room at all, or any

uh..VA cards or medical fi..

DENNIS TERRY:

Uh..the VA has it on file, I've got my card on me, uh..I could tell you my doctor's name and then if you wanted check it out you could do that.

Okay. DETECTIVE BURKE:

J guess uh.. DENNIS TERRY:

Do you mind if we do that Terry, is that DETECTIVE RAFAQUAT:

okay (inaudible..)

Fine (inaudible..).. DENNIS TERRY:

(inaudible..) stuff with ya'. DETECTIVE RAFAQUAT:

DENNIS TERRY: (inaudible..)

DETECTIVE RAFAQUAT: Your doctor's name and ...

45

Do you have your wallet, did they take DETECTIVE BURKE: your wallet from ya'?

46 47 48

DENNIS TERRY: No, actually... DETECTIVE BURKE:

Okay..

DENNIS TERRY:

..(inaudible..) wallet I'd be really surprised um..yeah, as a matter of fact I wrote a..a phone number here, somewhere along the line I..oh here it is yeah.

DETECTIVE RAFAQUAT:

Do you mind if I make a copy of that?

DENNIS TERRY:

I don't care, you know like I said at this fucking point, I should really care about this?

DETECTIVE RAFAQUAT:

Well you know.

DENNIS TERRY:

Oh, okay, I missed my last one um..

DETECTIVE BURKE:

Who's your doctor Terry?

DENNIS TERRY:

Well they keep changing them up on me um..well here's that, you can find out yourself..

DETECTIVE RAFAQUAT:

Okay..

DENNIS TERRY:

..you know what I mean.

DETECTIVE RAFAQUAT:

Alright.

DENNIS TERRY:

It would be easier for you to do that you know.

DETECTIVE BÜRKE:

who was your doctor, the last doctor you can remember?

DENNIS TERRY:

The last time I was in patient his name was Vanbiber or Viber, biber I think it was, big old fat fucker with a beard. Um..and then the last doctor I saw down there I think her name was (inaudible..) and she was scared of me (laughs).

DETECTIVE BURKE:

Why's that?

DENNIS TERRY:

Well because I'm a little intense um..(sighs) uh..I don't know who the dude's name is, his first name's John he runs an ADPT program down there on the

fourth floor at the hospital uh..he knows probably a little bit more about me than anybody else does down there um..see I was giving her a bad time but I was really being nice, but she was scared of me. And..because she had never seen me before and didn't know anything about me, and he came in and told her I was having a good day compared to a whole bunch of other ones. See I have gone in there before, last time I checked in, I checked myself in, um..about a month ago and told them, that I had this thing going I picked up a gal and my..my thing was to hold her..torture her and kill her you know?

DETECTIVE BURKE:

Well..well.. hold..

DENNIS TERRY:

..and I..and I went in the hospital and I told them. Look I have this thing in my head this is what I want to do and they had me for a week and then cut me loose and..and then I came back out and did it, you know it's like fuck..

.

DETECTIVE BURKE:

Okay, (inaudible..)..

DENNIS TERRY:

..what's wrong..

DETECTIVE BURKE:

..alright, we're..

DENNIS TERRY:

Somebody should of stopped me somewhere along the line don't you think?

DETECTIVE BURKE:

DETECTIVE BURKE:

How did you prove her wrong, what did you do to prove her wrong?

DENNIS TERRY:

I strangled her.

DETECTIVE BURKE:

Did you use clothing, rope, hands?

DENNIS TERRY:

OH, a belt at first and then I..then I uh..tossed the belt over and finished her up with with my hands. That ought to be enough, guys that ought to be enough, I don't know of anything else I can say that's it.

DETECTIVE BURKE:

Terry..I..I over heard you uh..

DENNIS TERRY:

(inaudible..)

Yeah, yeah..it was just hanging there I

What.. Terry other than her telling you um..about that one bad relationship the evidence of which you saw did she talk about herself at all, what..do you know than other her about relationship?

I don't remember. Honest to god I just don't remember, I don't care, and I didn't care then, I saw her..as a victim, I saw myself as a predator she was easy, and I. you know just did what I felt was the whole time I the thing to do, pictured her as a victim, okay? Um..its something I've been wanting to do for a long time and I just haven't done it, and there she was and there I was and she was like easy.

Why..why had you been wanting to do something like this?

I don't know. I really uh.. I mean it's hard to explain uh.. to see if I could, to see if I would um..and then being told that I couldn't or wouldn't just kind of (laughs) popped the bubble you know what I mean..

Um hum, I have sociopathic tendencies so..

I didn't mean to interrupt you..

DETECTIVE RAFAQUAT: No, that's fine.

(inaudible..) what difference does it make (inaudible..) another question to ask (inaudible..)

So now on..on Saturday is when you go to Neva because you (inaudible..) to get away from her, you..you said the sixth and I..and I figured out the day, the day

on the sixth was Saturday...

Okay, so yeah, that's what the tokes said the sixth and I (inaudible..) using them so I did that.

DENNIS TERRY:

She asked me too many fucking questions man. (inaudible..) none of your fucking business you know, like trying to get too personal man, I mean Jesus Christ here we are naked and all of this other crap but like I felt she was trying to get into my head and getting too personal so, I had to get away from her for awhile yeah, so I guess it was Saturday I killed her when I came back.

DETECTIVE RAFAQUAT:

Let me uh..

DENNIS TERRY:

As far as I..as far as I know yeah.

DETECTIVE RAFAQUAT: Okay, so...

DENNIS TERRY: But it got pretty re..pretty intense

and ... and um .. like I said I didn't really feel it was any of her fucking business.

Um..

DETECTIVE RAFAQUAT: And

And you guys are having sex at the time.

Yeah, but she wasn't liking it? (laughs)

DETECTIVE RAFAQUAT:

She never, yeah, okay.

DENNIS TERRY:

No, I flipped her over and she wasn't

going for it uh..oh well.

DETECTIVE RAFAQUAT:

When you flip..uh..was the belt or the hands the first things that you used to

prove to her that you could?

DENNIS TERRY:

I just reached down and grabbed my belt

and wrapped it around her neck and

cinched it up.

DETECTIVE RAFAQUAT:

Was she. where . how was she positioned

was she facing you, was she facing the..

DENNIS TERRY:

At the time she was facing me.

DETECTIVE RAFAQUAT:

At the time she was facing you..

DENNIS TERRY:

At the time she was facing me and when she started fading I flipped her over and finished it, took the belt off and used my hands, um. held her nose, covered her mouth and made sure she wasn't breathing,

you know?

DETECTIVE RAFAQUAT:

Okay, um..suffocated her with her hands

is that what you did..

DENNIS TERRY:

No..

DETECTIVE RAFAQUAT:

..or did you ..did you choke her with your

hands as well?

DENNIS TERRY:

Well both, both, both. Choked her first

and then suffocated her to make sure it

was all done.

(inaudible..) Again I do not profess to DETECTIVE RAFAQUAT: . be a shrink okay?

Okay. DENNIS TERRY:

DETECTIVE RAFAQUAT: And this is just trying to figure out what was going on at that point in time.

DENNIS TERRY: Good luck.

Are you having what kind of thoughts, DETECTIVE RAFAQUAT: what kind of feelings are you having, are you having any emotions other than being angry and trying to want to prove to her because you were challenged, are you having any flash..what..what what's going

through, your mind?

NO, no, I just actually I felt a lot of DENNIS TERRY: peace, I felt kind of at peace with the whole thing but..yeah. I can do this and

still not give a fuck.

(clears throat) DETECTIVE RAFAQUAT:

...you know I can kill somebody and not DENNIS TERRY:

even care.

Any flashbacks going through your head? DETECTIVE RAFAQUAT:

Nah, nah, nah (burps) nah, she was nobody DENNIS TERRY: to me, it didn't matter, it just didn't

matter, I didn't care.

And nothing that you may have done in DETECTIVE RAFAQUAT:

Vietnam flashed at you..

That has nothing to do with it, nothing DENNIS TERRY:

absolutely to do with anything.

DETECTIVE RAFAQUAT: This is...

I killed her because I knew I fucking DENNIS TERRY:

could, that's the long and the short of

it.

And she challenged you because you DETECTIVE RAFAQUAT:

couldn't.

She said I couldn't. Proved her wrong DENNIS TERRY: didn't I..

(inaudible..) yeah, you did. DETECTIVE RAFAQUAT:

(laughs) damn right I did. What else do DENNIS TERRY: you need to know Jesus Christ guys.

You..you, you know what I.. I need to know DETECTIVE BURKE: this uh..we're sitting in here in this room, I want to make sure that uh..you seem like your a pretty intelligent guy

mean..

I know exactly what I'm saying. DENNIS TERRY:

Okay, and that .. and that your not being DETECTIVE BURKE: hampered by any of the alcohol you drank

I'm not being hit, I'm not being hampered DENNIS TERRY: (burps) it's something that I've been to do for long a (inaudible..) so I just finally just did it and she was easy she was there, perfect, she was the perfect victim she was perfect um..just met up with the wrong guy at the wrong time I guess.

Let me ask you another question I.. DETECTIVE BURKE:

Go ahead.

After the act was committed. DETECTIVE BURKE:

Um hum.

Did you talk to anybody else about what DETECTIVE BURKE: had happened, I mean not. just or do you

think that you talked to anybody while

you were drinking?

with?"

DENNIS TERRY:

Nobody had ever seen her or I together before to even ask that, and like I say I don't have like tight friends or anything that would have seen us in the first God damn place.

DETECTIVE RAFAQUAT:

Wasn't she with you on Thursday night when you first met her at the Karoake bar though?

DENNIS TERRY:

What now?

DETECTIVE RAFAQUAT:

Wasn't she with you out in public at a Karaoke bar the first night you met her?

DENNIS TERRY:

I'm thinking it was Um..well Yeah, Thursday night...

DETECTIVE RAFAQUAT:

Well maybe Friday but at one point ..

DENNIS TERRY:

I'm..I'm not sure what (inaudible..) night it was..

Okay, but at one point... DETECTIVE RAFAQUAT:

DENNIS TERRY:

I think it was probably Thursday though..

DETECTIVE RAFAQUAT:

..or on one of the nights..

DENNIS TERRY:

Yeah, she was .. yeah she was with me..

DETECTIVE RAFAQUAT:

..prior to..okay.

DENNIS TERRY:

...she was out on the street cold, and it was cold out, I gave her my coat we went in there and we..and we drank all God I..and night and damn

		to that girl?"

DENNIS TERRY:

No, no. fuck no. She was obviously you know just on the streets and like I say easy prey.

DETECTIVE RAFAQUAT:

Okay, let me ask you a question Terry is she saying anything to you at the time you were..you were killing her?

DETECTIVE BURKE:

Telling you no, what are you doing?

DETECTIVE RAFAQUAT:

I mean what's she doing I mean how is she reacting.

DENNIS TERRY:

Well she was just making a lot gaging noises, um..none, actually I've got no scratches on me, I've got no marks, I've got nothing. She wasn't fighting too hard, but I'm pretty good, um..

DETECTIVE BURKE:

Was she..she had been drinking a lot though?

DENNIS TERRY:

We both have ... had um .. but it wasn't ... it wasn't just that ... it wasn't just that ...

DETECTIVE RAFAQUAT:

Does your..

DENNIS TERRY:

..I don't..I don't think she really wanted to be alive to tell you the truth, I..I just had that feeling that she really wanted to die and..and so I..I think i did her a favor.

DETECTIVE RAFAQUAT: .

Did she ever ask you "hey put me out of my misery (inaudible..)..

DENNIS TERRY:

No, no.

DETECTIVE RAFAQUAT:

and that was .. after ...

She called bullshit on me and hey, you know I said "okay"

that was after her challenge and you responding.

When she was dead? DETECTIVE RAFAQUAT:

I think so, I'm not sure. DENNIS TERRY:

Okay, Terry let me ask you this question, DETECTIVE BURKE: from the time she says "bullshit"...

Um hum.. DENNIS TERRY:

..(inaudible..) says I'm just thinking DETECTIVE BURKE:

(inaudible..) we'll see..

Um hum. DENNIS TERRY:

From the time she's dead, about how long DETECTIVE BURKE: of a time? How long do you think it took

you to kill her?

(period of silence) probably few DENNIS TERRY:

minutes, maybe tops, tops.

And if I was to understand you correctly DETECTIVE BURKE:

on what you told me earlier, through that

five to ten minutes..

Um hum. DENNIS TERRY:

.. you have no emotions your at peace? DETECTIVE BURKE:

Yeah.. DENNIS TERRY:

DETECTIVE BURKE: Or..or..

I..I..I felt like I was doing her a DENNIS TERRY:

fucking favor.

You never thought maybe I better stop I'm DETECTIVE BURKE:

going too far.

Um um, no, not a bit, not a bit no, no. DENNIS TERRY:

Did you know that your act was murder? DETECTIVE RAFAQUAT:

DENNIS TERRY:	That's a interesting question (clears
	throat), that's an interesting question,
•	I'm sure it did, and I do, umbutyou

know it's like so what.

DETECTIVE RAFAQUAT: Okay, so do you know murder is wrong obviously.

-

DENNIS TERRY: Of course.

DETECTIVE RAFAQUAT: Okay, so you knew murder was wrong you went, I mean it didn't make any

difference to you.

DENNIS TERRY: NO, if it did, I wouldn't of fucking done

it.

DETECTIVE RAFAQUAT: So at the time it's fair to say that you knew the difference between right and

wrong?

DENNIS TERRY: Of course.

DETECTIVE RAFAQUAT: And that that whatever you were doing was

wrong?

DENNIS TERRY: I didn't think it was wrong though.

DETECTIVE RAFAQUAT: Okay, what did you think?

DENNIS TERRY:

I thought I was doing her a favor, and at the same time it made me feel good.

Uh..Uh..see if you ain't a shrink it's

probably...

DETECTIVE RAFAQUAT: Yeah, I'm on..on (inaudible..)..

DENNIS TERRY: ..(inaudible..)

DETECTIVE RAFAQUAT: ... yeah, yeah, I... I'm not.

DENNIS TERRY:

But I thought, I felt..I felt like I was taking (inaudible..) her misery and at the same time I was coping some peace behind it because it's the well one of the first times since acts of war I've

taken a life and felt good about it, um..not (inaudible..) good, but just

(inaudible Umsome p	okay, ye) so I ki people just pisery, you	ll her you	ou knov	v, da.

DETECTIVE RAFAQUAT:

She was one of those pathetic soles that needed, to have that done to?

DENNIS TERRY:

Yeah, (inaudible..)

DETECTIVE RAFAQUAT:

NO, not at all.

DENNIS TERRY:

Good, um..yeah that's kind of the way I felt actually uh..yeah, I"m probably one too. But I guess I ain't found anybody bad enough to fucking do it yet.

DETECTIVE RAFAQUAT:

(inaudible..) takes you to kill her.

DENNIS TERRY:

I think probably five or ten minutes, I

don't know...

DETECTIVE RAFAQUAT:

After you (inaudible..)..

DENNIS TERRY:

(inaudible..) I..I had to make sure so

you know I took my time.

DETECTIVE RAFAQUAT:

How..how..okay, how was it that you made sure, I mean did you check to see if

(inaudible..)..

DENNIS TERRY:

I closed her nose up..

DETECTIVE RAFAQUAT:

(inaudible..)

DENNIS TERRY:

..I had my hand over her mouth, after I strangled her with the fucking belt, and then I checked her pulse, nothing done

deal.

DETECTIVE RAFAQUAT:

Legs kick, arms kick? Knock anything

down while she was struggling ...

DENNIS TERRY:

No.

DETECTIVE RAFAQUAT:

Okay.

She didn't have a fucking chance to man, I know what I'm doing when I do this shit.

And your pretty certain you finished off sex after she was dead, you think?

Yeah, I'm pretty sure, I'm pretty sure.

Okay, did you feel, again..again I'm not a shrink don't get me wrong but did you feel aroused after her..after she was dead then?

Kind of sort of yeah, kind of sorta.

Ever fantasize about maybe doing somebody

dead?

Yeah. Yeah, I do, (sighs).

Had you done anybody dead before?

No. Nope, first time.

Did you do her where she was resisting you to do her?

Um hum.

You do her in the back?

Um hum. I'm pretty sure.. DENNIS TERRY:

Then, then... DETECTIVE RAFAQUAT:

There would be evidence, come on guy's DENNIS TERRY:

you've got a phone. (Sighs)

Is that the only time you. you had sex DETECTIVE BURKE: with her after she was dead

the..after the act?

Yeah, after that I couldn't stand to look DENNIS TERRY:

at her, I just covered her up, fuck it.

Did she move her..did you move her from DETECTIVE RAFAQUAT: that position from where she expired to

any other place in the room?

No. DENNIS TERRY:

You just left her there? DETECTIVE RAFAQUAT:

Yeah. DENNIS TERRY:

DETECTIVE RAFAQUAT: Covered her up.

Yeah. DENNIS TERRY:

where did you sleep after that? DETECTIVE BURKE:

On the other bed, (sniffs) DENNIS TERRY:

What decided, what made you decide to DETECTIVE RAFAQUAT:

call the police and tell us about?

Interesting, um..(period of silence) (sighs) because I feel like if I didn't get stopped this would not be the last time that I would do something like this uh..because I found it exciting um..I

actually enjoyed it.

DETECTIVE BURKE:

Okay, prior to her had you gone out wa..walking around looking for a victim?

DENNIS TERRY:

Not in this town, no. Well I.. I actually I..yeah, in this town yes I have but, (gasps) I picked up a gal before, and like I said about a month or so ago, I. checked myself into the VA Hospital because I..I..picked up this gal and I had ever intention of doing the same fucking thing to her except in the act of bondage she got scared she got spooked and split, so I didn't get to finish. Um..and I tried to tell them hey, look this is really, I don't know what's going on and they didn't give a fuck I guess, anyway um..cut me loose in the community, so but yeah, I..I've done it. before in uh..other places, but um..this is the only time I've ever killed anybody uh..in this manner in this method about Um..and the other stuff I've this. already done time about and everything Most of them were like attempted shit and like second degree assaults and stuff. And other ones somebody else has already taken the fall for so I don't god damn matter, I'm not talking anything else.

DETECTIVE RAFAQUAT:

Just to expand on his question, that he asked you if you had actively gone out looking for a similar type of victim.

DENNIS TERRY:

(Sighs).

DETECTIVE RAFAQUAT:

When you were looking for this victim I..and..and I think you may have answered it and might have..and I might of missed it because I was taking notes, when you were looking for this victim were you looking to have these..this sexual acts with this person and then..then kill this person..

DENNIS TERRY:

Um hum.

DETECTIVE RAFAQUAT:

Why are you looking for these people?

MacDonald, Danila Transcriber

Page 60

DENNIS TERRY:

DETECTIVE BURKE:

Yeah. DENNIS TERRY:

Okay, and what are the sexual acts that DETECTIVE RAFAQUAT:

you fantasize about?

Oh, just totally taking advantage and DENNIS TERRY: control. Um..you know, just finding

somebody so god damn gullible and easy that you can do any god damn thing you

want (inaudible..)

You like..you like doing women in the DETECTIVE RAFAQUAT:

ass?

(gasps).. DENNIS TERRY:

..no is it one of the things you DETECTIVE RAFAQUAT:

fantasize about it?

Now that's kind of an odd ass question DENNIS TERRY:

(burps) um..it's usually tighter than the other one, um..well some of them like it,

some don't.

Just asking your preference? DETECTIVE RAFAQUAT:

Well.. DENNIS TERRY:

Do you like it? DETECTIVE RAFAQUAT:

Uh..if it's tighter than her pussy yeah,

uh..in most cases it is but you know. It just depends you know some girls.. some girls don't want to give head, some of them do (sighs) it's usually, well see it's the thing that..it's the thing that most of them find most, oh, I don't know nasty or .. or despicable or .. or just don't want to do. So of course that's going to make it a challenge um. it's not my

preference no, but it's just the most challenging. Some girls like it, some

girls don't uh...

Are you looking for a certain type of girl, any..any body in particular a street person or anybody that you can

(inaudible..)?

40 41 42

Well pretty much anybody gullible to fall DENNIS TERRY: for my bullshit, you know? Desperate street girl, or whatever, you..whatever I

don't know.

what type of type (inaudible..) are we DETECTIVE BURKE:

talking about where this girl gets away in bondage to this act actually being

committed.

I don't get the question. DENNIS TERRY:

The first time where you say that the DETECTIVE BURKE:

girl got away, how long of a time frame before you find this other girl and you

take her home...

About a month ago. DENNIS TERRY:

Both in Reno, though? DETECTIVE RAFAQUAT:

Yeah. (Burps) DENNIS TERRY:

And she got away because she didn't want DETECTIVE RAFAQUAT:

to participate in your..in your..

Um hum. DENNIS TERRY:

..in your act. DETECTIVE RAFAQUAT:

I let her..I let her go, she got spooked DENNIS TERRY:

and I let her go. (sniffs)

Had you actually gone out and paid to DETECTIVE RAFAQUAT:

have your sexual needs satisfied.

Oh.. DENNIS TERRY:

Hookers.. DETECTIVE RAFAQUAT:

..before, yeah, years ago, yeah.. DENNIS TERRY:

Not recently? DETECTIVE RAFAQUAT:

I paid money for that shit yeah. (period DENNIS TERRY: of silence) Where's this going your taking a lot of time on your tape here

guys.

Burke and Detective Rafaquat.

So Terry. DETECTIVE RAFAQUAT:

Yeah. DENNIS TERRY:

After she's dead. DETECTIVE RAFAQUAT:

Phew.. DENNIS TERRY:

..pretty soon after you uh..have that DETECTIVE RAFAQUAT: sexual act with her, is it immediately do

you wait a few minutes a few hours,

or..or what?

It was like during you know, it was like DENNIS TERRY: during um...

So your strangling her..and..and having

sex with her at the same time?

Yeah. DENNIS TERRY:

DETECTIVE BURKE:

I'm..I..I didn't hear, yes? DETECTIVE BURKE: As near as I can recall yes. DENNIS TERRY: What did you... DETECTIVE BURKE: I'm..I'm not real clear about this huh.. DENNIS TERRY: Okay, (inaudible..) the best you can DETECTIVE RAFAQUAT: remember. DENNIS TERRY: Yeah. How was she positioned? Actually let me DETECTIVE RAFAQUAT: tell you before you..let me stop you before you answer that question because in a few minutes I'm going to have you go through for me positioning the um.. Well you've already asked me once.. DENNIS TERRY: (inaudible..) I'm just not clear in my DETECTIVE RAFAQUAT: head that's all. Well I know you've got it written down I DENNIS TERRY: watched ya'. Okay, since her death. How many times DETECTIVE RAFAQUAT: total do you think you left your room? Oh, Christ three or four. DENNIS TERRY: And where did you go? DETECTIVE RAFAQUAT:

DENNIS TERRY:

Oh, I went to the Cal-Neva a couple of times, I went to the store for more liquor and beer and stuff.

DETECTIVE RAFAQUAT: (inaudible..)

DENNIS TERRY: Um..what not.

DETECTIVE BURKE: Was this during the day or..or the night..

DENNIS TERRY: (inaudible..)

DETECTIVE BURKE: ..or both?

DENNIS TERRY: During the day, I slept during the night pretty much I mean uh..when I woke up..

DETECTIVE RAFAQUAT: To the best of your recollection do you think you killed her on..on Saturday night is..am I right? On the sixth?

DENNIS TERRY: I think so.. I think so..

DETECTIVE RAFAQUAT: About what time might that had been?

DENNIS TERRY: Oh, Christ I couldn't tell ya', couldn't tell ya'..

DETECTIVE RAFAQUAT: Early night, late night, midnight..

DENNIS TERRY: I don't know, I don't know.

DETECTIVE RAFAQUAT: At night?

DENNIS TERRY: It was dark.

DENNIS TERRY: Um um, (inaudible..)

DETECTIVE BURKE: Did you put out a sign that you didn't want to be uh..bothered?

DENNIS TERRY:

No, no, I rented the room for a fucking week, they had no business being in there so. I wasn't worried about it.

DETECTIVE BURKE: Did the maid come to the door at all?

DENNIS TERRY: No, no.

DETECTIVE RAFAQUAT: Did anybody..

DENNIS TERRY: NO..

زجج

DETECTIVE RAFAQUAT: ...come to the room at all?

DENNIS TERRY:

No. I mean when you have a room for a week they have no reason to come in the

room.

DETECTIVE RAFAQUAT: I understand, I understand.

DENNIS TERRY: Alright, so...

DETECTIVE RAFAQUAT: Do you have any acquaintances that..that

knew you were staying in the room and may have come to visit you, that's what I'm

getting at?

DENNIS TERRY: Um um.

DETECTIVE RAFAQUAT: Okay, who else knew that you were staying

in this motel other than you obviously?

DENNIS TERRY: Um..the Manager.

DETECTIVE RAFAQUAT: Okay, any..any of your acquaintances

friends..

DENNIS TERRY: . No, no, no. Why do you ask?

DETECTIVE RAFAQUAT: To see if anybody might of come and .. and you may have not opened the door or you

might of been there or any of that stuff.

DENNIS TERRY: No, nobody came in the room, nobody

knocked on the door, (inaudible..) after the..the..the day after I picked her

up when I was in that other room.

DETECTIVE BURKE: Two ten.

DENNIS TERRY: Yeah.

DETECTIVE BURKE: Okay.

DENNIS TERRY: They came and knocked on the door and asked me to vacate that room and

go upstairs to this other room because someone else (burps) had requested that room because it was a non-smoking room

supposedly. So you know there she was in

the bed and everything with me, um..I believe it was the room service other than the uh..janitor guy or whatever the fuck, they usually have women to do that but this is a dude. Uh..I think it was him but it might have been somebody else anyway saw here in there and I'm sure saw us leave and go upstairs. So if you needed someone to verify yeah, okay there was somebody there I'm not sure, one of the people in the motel staff there. Um..that's as close as I can come to answering your question, okay?

DETECTIVE RAFAQUAT:

Were you..were you at anytime worried about discovery of the body while you were out on two or three occasions?

DENNIS TERRY:

No, no way why would I?

DETECTIVE RAFAQUAT:

Because there's a dead person in the

room.

DENNIS TERRY:

Yeah.

DETECTIVE RAFAQUAT:

You weren't concerned about that?

DENNIS TERRY:

No, why would I? Like I said I did her a fucking favor. Why..why would I be

concerned about that?

DETECTIVE BURKE:

Well it..in most motels sometimes the maid accidentally comes into the room or the manager accidentally..accidentally

comes in..

DENNIS TERRY:

Oh, I see.. I see where your coming from

yeah.

DETECTIVE BURKE:

Yeah, well..

DETECTIVE	RAFAQUAT:	how	should	you	be	treated	then,	what
	•	should	l happen	to	Àon3). -		

DENNIS TERRY:

How should I feel, I mean I feel okay about it, I'm not..like I"m not worried, okay.

DETECTIVE BURKE: So if you got the death penalty that would be okay for you?

DENNIS TERRY: Sure, sure.

DETECTIVE BURKE: Or four years in prison or life in prison.

DENNIS TERRY:

I'd rather have a God damn death penalty than four years in prison (inaudible..) I mean I've spent time in prison before and it's a drag. Um..but one way of the other I don't really give a fuck. Um..

DETECTIVE RAFAQUAT: So (inaudible..) in your opinion should there be a sanction or penalty.

DENNIS TERRY: About what?

DETECTIVE RAFAQUAT: For doing what you did?

DENNIS TERRY: Well I..I think it would depend on um..the mind set of who ever decided that.

DETECTIVE RAFAQUAT: Your mind set is what I'm asking.

DENNIS TERRY: In my mind set?

DETECTIVE RAFAQUAT: Yeah.

DENNIS TERRY: I did the bitch a favor.

DETECTIVE RAFAQUAT: So your..

DENNIS TERRY: Why should I be penalized for that?

DETECTIVE RAFAQUAT: ..so you feel nothing should happen to you?

you.

DENNIS TERRY: Um..I didn't say that, because I do know

3

the difference between right and wrong however, I don't think actually that I did anything wrong I think I..I just helped someone out of their misery um..

DETECTIVE RAFAQUAT:

So..so again you feel that nothing should happen to you?

DENNIS TERRY:

I didn't say that, like I said I do know the difference between right and wrong however in this instances, I don't think I did anything wrong so..in..in the society's eyes I'm sure there's a penalty. Um..(inaudible..) in my own eyes not that there should be a reward but there should be some kind of justice uh..some kind of rules that..um..like I said I did the bitch a favor.

DETECTIVE RAFAQUAT:

What kind of leniency?

DENNIS TERRY:

Oh, I don't know. (period of silence) eye for an eye.

DETECTIVE RAFAQUAT:

That's not leniency that's...

DENNIS TERRY:

Justice.

DETECTIVE RAFAQUAT:

..justice.

DENNIS TERRY:

Yeah.

DETECTIVE RAFAQUAT:

So you said that there should be some sort of leniency for something that..

DENNIS TERRY:

I changed my mind.

DETECTIVE RAFAQUAT:

Oh, okay.

DENNIS TERRY:

Okay? I believe that would be a just, um..thing yeah, an eye for an eye, a life for a life.

DETECTIVE RAFAQUAT:

Do you think you should be punished then for what you did?

DENNIS TERRY:

Um..I don't think I should be rewarded um..if society sees that that's right

Page

thing to do then I'm willing to take it um..as long as I get my say about it.

when you say your say are you talking about in court to the judge or to the jury or .. or today talking to us?

Well I've already given up my right and when I go before the judge I'm going to plea, you know so um..I'm not asking for a long drawn out thing here, I just want to be heard.

Do you feel that people that should have listened to you didn't listen to you?

Um hum, um hum, yeah, um.. I sent up a red flag a long time ago and I think it should have been heeded like I said the reason I called, in the first place was because I know damn good and well if I hadn't had this would not be the last one, you know what I'm saying, it was too easy and it felt too good um.. I don't know what else to say ...

The red flag you spoke about..

When was that sent out by you?

Um hum.

I told ya', I was ha..I inpatient at the VA Hospital about a month ago, I told them exactly what was going on in my brain and I don't' think they took it seriously um..actually..

Is it because you felt that they didn't have time for you or that you just...

I don't know, I mean..

..they just didn't understand what you were saying?

I don't know, I have no, I..I kind of have the idea they thought I was just

Because as the years go by or have gone by, my..as intelligent as I am my..my thought processees have..have getting like have gotten um..oh, I don't know weird I..I..get these thoughts and..and voices telling me to do things and..and um..(sighs) sometimes I listen sometimes I don't.

DETECTIVE RAFAQUAT:

You know I haven't heard you say this so I have to assume what I'm about to say is correct. You didn't have a like black out period when this was happening did you?

Okay, and based on that since the .. the .. the committing of the act, have you showered, when was the las..or when was the last time that you ate prior to

eating here?

Um..this morning.

You ate this morning?

Yeah.

Where did you eat this morning at?

Uh..top deck restaurant Cal-Neva.

Okay, did you take a shower in between the death and right now, you cleaned

yourself?

Yeah, yeah.

Was that inside the motel room?

Yeah.

Okay.

DENNIS TERRY: (inaudible..) a day or two though. (takes a drink) oh, I see where that's going too. Um..(sniffs) (period of

DENNIS TERRY: Let's see where would that be, if anything from her is still on me. Probably not. (period of silence)

I did it, and ta..ta..and not really I
showered, um..geez I don't know, a day or

DETECTIVE RAFAQUAT: Do you think alcohol was a factor at the time?

DENNIS TERRY: Um..possibly but I wouldn't blame it on that no.

DETECTIVE RAFAQUAT: 'I didn't uh..I didn't see you then I'm seeing you now.

DENNIS TERRY: Yeah.

DETECTIVE RAFAQUAT: And I had you earlier compare your intoxication level of that night to how..

DENNIS TERRY: Um hum.

DENNIS TERRY:

DETECTIVE RAFAQUAT: ... you are today, you said about the same?

Yeah, yeah, I..I handle my alcohol pretty well, however, I..I go into rages um..that's part of the..the (inaudible..) but uh..um..I suppose alcohol might enhance that so, but no, I knew exactly what I was doing while it was going on and I actually had, well I left the room for about oh, God I don't know three or four hours earlier and then I came back and well she was ragging me about, I should of come right back with another

just chill for awhile, I'll be back" and 6 then when I came back, she started 7 ragging my ass, well I brought a bottle 8 back and everything but she started 9 ragging my ass about, you know where you been bladdy blah, she sounded like a fucking wife. And um..didn't really feel she had a right to do that. 14 Terry when your talking when she's DETECTIVE BURKE: 15 basically nagging at you... 16 17 Um hum. DETECTIVE BURKE:

Is there anything in particular that caused you to think that this is the girl that I'm going to do it to?

DENNIS TERRY:

Poor pathetic little kid that needs to be relieved of her fucking misery she's think that a..and um..yeah, I probably on my mind right away as soon as she started talking to me about you know the problem she was having and all.

DETECTIVE RAFAQUAT:

DETECTIVE RAFAQUAT:

Hey, Terry.

DENNIS TERRY:

Yeah.

Please help me, maybe it's clear with his mind, it really is not in mine. We have talked about, as I look back in my notes about three different issues here, that..could have triggered what you did.

DENNIS TERRY:

Um hum.

DETECTIVE RAFAQUAT:

DETECTIVE RAFAQUAT:

..and (inaudible..) one is you've been thinking about doing it..

DENNIS TERRY:

DENNIS TERRY:

Um hum.

..two is she's a miserable old hag that needed to be put out of her misery, your own, I mean basically your own words, right? Third is, she challenged you..

Um hum.

..whether you could kill somebody or not.

Um hum.

DENNIS TERRY:

Help me out, of these four things, what. is the one, which one of these four is the one that..that did it for ya' and

put her where she is now?

DENNIS TERRY:

(Sighs) I'd have to say probably the challenge.

22

DETECTIVE BURKE:

The challenge of actually being able to

kill somebody...

27

DENNIS TERRY:

Um hum...

29

DETECTIVE BURKE:

..and get away with it, or the challenge

of her..

31

33

DENNIS TERRY:

Oh, I wasn't planning on getting away with it, I mean at the time I wasn't even thinking about that, it was just I..I don't like being challenged by anybody.

34 35 36

37

DETECTIVE BURKE:

So your saying the challenge of her when

she says that..

38 39 40

DENNIS TERRY:

I think that's probably what set me off.

DENNIS TERRY:

(inaudible..) experiences and things okay? And..she asked me if I had ever killed anybody and bladdy blah, and I said "yes" and she said "how?" and I said "with my hands" and she called bullshit on me, I sai..I said "so you don't think I can? You don't think I will?" She goes "no your not capable" you know wrong, wrong thing to say, you know fucking thing to say.

DETECTIVE RAFAQUAT:

And that brings me right to where, where I need to be. You probably said this about three times to us already okay?

DENNIS TERRY:

Probably. You keep asking me the same god damn questions.

DETECTIVE RAFAQUAT:

And..and I know..and I know..and I'm..I"m one of those..people that (inaudible..)..

DENNIS TERRY:

I bet your smarter than that..

DETECTIVE RAFAQUAT:

DENNIS TERRY:

I was on top of her and..(period of silence) well I was straddling her I think, I took my belt and wrapped it around her neck and just started cranking on it.

DETECTIVE RAFAQUAT:

Okay, can you do me a favor, real quick, if..if I'm going to ask you to stand up for me for a second. Pretend for a second this black part here is..is the bed. Okay?

So you..you slid the belt from above the head then, you brought it in like this?

DENNIS TERRY:

No, I just snuck it under neck underneath the pillow.

DETECTIVE RAFAQUAT:

Okay.

DENNIS TERRY: .

..pulled it up cranked on it and sat on top of her, so she'd quit wiggling and shit and then I held her fucking nose put my hand on her mouth to make sure she wasn't breathing. Okay?

DETECTIVE RAFAQUAT:

You said you choked her two other in a..in addi..in addition to..suffocating her you choked her.

DENNIS TERRY:

OH, fuck yeah, what man doesn't?

DETECTIVE RAFAQUAT:

Is..is it a challenge to you then when they start struggling with you and..and then or resist whatever it is that you want to do?

DENNIS TERRY:

Uh..(burps) not really I..I don't consider myself a rapist or anything uh..I actually never believed in that (inaudible..) to many women willing to give it up you don't have to steal it from them, but I don't know I guess something took control on me this time it was like yeah, I got her, she's a fly in my fucking web man.

DETECTIVE BURKE:

Is this..this thinking is this like it..because you've read books or you..you've seen people in like uh..Bundy or and you've said "hey, if this guy can do it or..

DENNIS TERRY:

Uh..nah. Nah this ain't no copycat shit man.

DETECTIVE BURKE:

(inaudible..)

DENNIS TERRY:

It's just stuff that's going on in my mother fucking head here, um. and it has been for awhile um. because of the (inaudible..) of society I've tried to fight it, and not you know act on it and things like that, but like I say as times gone by I've just came to the point where I really don't give a shit. I don't care what people think, this is me, I'm doing what I want and. fuck what everybody else thinks I don't care.

no it was acting on fantasy, nobody..nobody else told me to do it especially people from mars for christ sake.

.. no little green guys running around in your head telling you to do shit?

Of course not. Of course not, hell for all I know we're all from mars fuck I don't know.

Um..

Yeah, yeah..just something that got in my mind for awhile and I found the victim and.. I acted on my impulses.

But Terry let's..let's (inaudible..) here for a second uh..when you leave the motel room and you go get the .. the more liquor and...

Um hum.

Terry how do you feel about the street DETECTIVE RAFAQUAT: people in general.

> (sniffs) (period of silence) well that's a rough one because I lived on the streets here for awhile, uh..in general I think most of them could do better, do something to help themselves, but I mean most of them are pretty happy just being bums.

(clears throat) street hookers, what do you think of them?

What?

Street hookers, hookers..

What do I think about them?

Yeah.

Nothing one way or the other really..

I don't see no difference between black and white hookers. Black, white, Indian, Chinese, it don't matter, a hookers a hooker fuck.

DENNIS TERRY:

..you ain't running nothing by me.

DETECTIVE RAFAQUAT:

But I.. I went back and I looked at my notes and .. and I notice, not necessarily an inconsistency (inaudible..) write down wrong, when we initially started talking to you and we were talking about sexual act between you and her prior to killing her.

DENNIS TERRY:

Um..

DETECTIVE RAFAQUAT:

You mentioned something that you wanted to do her in the ass.

DENNIS TERRY:

Um hum..

um num.

..and then you went back and finished what you had started referring to doing her in the back..

Um hum.

..the most recent statement you give us is..your manhood is challenged..

Um hum..

..because you can't..you have difficulty arouse..getting aroused when your drunk..

Um hum..

Uh..your pissed off with that, you guys were playing around you were straddling her, uh..she challenges your capability to kill someone.

Um hum.

..you take the belt out, you choke her with the belt.

Um hum.

You muffle her with your..with your hands and turn her over and do her in the back which one is right, I mean which one is more accurate?

I'm not sure, I'm not sure, the killing's jumbled up, you know kind of..it's all kind of mixed up, in my mind it's just, it was all like one thing, I'm not sure which..what's the real deal. I'm not sure.

Did you try to have sex with her in the back and she resisted?

MacDonald, Danila Transcriber

yeah.

DETECTIVE RAFAQUAT:

On that date and time or were you maybe thinking of some other time while she was with you?

DENNIS TERRY:

Well as far as I can figure it was the same time.

DETECTIVE RAFAQUAT:

Was that the only time you attempted that

with her?

DENNIS TERRY:

Yeah.

DETECTIVE RAFAQUAT:

And she resisted?

DENNIS TERRY:

Yeah.

DETECTIVE RAFAQUAT:

Were you aroused at the time? there's another thing that you mentioned that..that..when your choking her and killer her.

DENNIS TERRY:

Yeah.

DETECTIVE RAFAQUAT:

..that you do get aroused.

DENNIS TERRY:

Um hum.

DETECTIVE RAFAQUAT:

So..help me..help me clear my thought if

you can..

DENNIS TERRY:

Well..(clears throat) the reason why I'm hesitating (inaudible..) is because I'm not exactly sure of the order, okay?

DETECTIVE RAFAQUAT:

Understandable.

39

DENNIS TERRY:

And..and..and there's..there's reason, because with the connotation of doing that to a dead person is kind of repugnant. So. I hope not, but I'm not

sure.

Uh..

As near as I can remember I was strangling her and I rolled her over and boned her in the ass, now whether she was dead or alive at the time, I couldn't tell ya' but the sequence I kind of got

lost..(inaudible..)

Did you have a hard on before hand, did you get a hard on..

(inaudible..)

While she was alive or while you were

killing her?

Uh..during, during...

During..

While she was struggling yeah..

You were getting aroused by that, getting a hard on?

Yeah, yeah. yeah, yeah..

Um. have you come across this type of situation in the past where you are with a woman are having difficulty getting a hard on not necessary ridiculed but somebody calls you up on it, has that happened to you in the past and what has your reaction been with that person?

Well I'll tell you what happened, was we had this big ass argument and I ended up doing (inaudible..) once out of a six month stretch for beating the fuck out of her, I didn't do it, she got into some drug people and owed them too much money they found out where she was, they're the

ones that beat her up after I had left and was gone, I mean her best friend saw me like shortly after that and I didn't have a mark on me, and this..this was a girl big enough to take care of herself um..(period of silence) I..I did the time, man, I did the time for it because I didn't have a leg to stand on, I had..I had a cop, I had a real cop, I went after that, (inaudible..) to get my clothes and my duffle bag, okay, the manager of the motel uh..at the Carriage Inn he didn't' let me up in the room because she had complained about this argument we had, and..so I..I told (inaudible..) hey, get one of Reno's finest up here and me and you and him we'll go up to that room just to see if everything's on the up and up I went up there, to get my duffle bag there she was on the floor beat to a fucking pulp I mean just..and there was blood everywhere I mean that place was a mess. The toilet seat was torn off the toilet I mean it. the whole place was just a mess and the cop took my ID, looked at my hands, looked at me, there was not a scratch on me, nothing you know, kicked loose stuck her in the fucking hospital and um..you know, but I still ended up having to do time for it ..

DETECTIVE BURKE:

DETECTIVE RAFAQUAT:

Hey, Terry, I had. I had asked you about your sexual inadequacies..

DENNIS TERRY:

DENNIS TERRY:

I have rage involving that particular incident. But unfortunately the bitch killed herself I never could get any retribution uh..anyway what..what..

DETECTIVE BURKE:

Is that a problem you have only when your drunk or..or do you suffer from that as perhaps a disfunction?

DENNIS TERRY:

I don't know, it's. well it's suppose to some of be a side effect of medication I've been taking over the years um..(sighs) it's well fuck I'm fifty two (52) years old, It could be part of that, um..and alcohol was..well anything that knows anything about it will tell you that that's a side effect, um..hum..I don't know what else can I say.

DETECTIVE RAFAQUAT:

Earlier you referred to yourself as a predator am I..am I correct?

DENNIS TERRY:

Yeah.. I suppose.

DETECTIVE RAFAQUAT:

DETECTIVE RAFAQUAT:

As a predator..

DENNIS TERRY:

Um hum.

What kind of victim do you look for and I'm not talking about somebody who's pathetic and miserable, I'm talk..let's tal..let's..let's strictly about physical attraction as a predator for a sexual physical satisfaction, what kind of person do you, what kind of..I'm assuming a female not a male right?

DENNIS TERRY:

Female, definitely female..

..you..you don't go on the other side DETECTIVE RAFAQUAT: right?

DENNIS TERRY:

No..

Oh..(period of silence) I don't know it..just certain women just kind of give off this..this I don't know I don't want to say vibration but a sense of um. being a victim um..

I'm not..talking about that..I'm..I'm just physical...I'm just going strictly by what your physical preference is..

Do you have like a preference for race, height, weight, color?

No..

No, physical preference?

No.

Age?

No.

No.

You don't' care?

(inaudible..)

(inaudible..) it doesn't matter.

So like if a glamorous model or a street (inaudible..) were standing next to each other you wouldn't care which one it was as long as it was one of them?

That's pretty accurate yeah. No, no.

Whether it be black white, oriental or anything? Is that the lady in your motel room?

Yeah. Yeah, that's her.

Any reactions looking at the photo?

DENNIS TERRY: You can't this is it, this is the only one.

That's what I..that's (inaudible..) have you heard about the other homicides that I'm talking about?

DENNIS TERRY: (sighs) I don't know I watch the news once in awhile.

Like do you...the..the..the prostitute that was killed off of Arlington, last year around Easter time did you hear of that? Do you recall hearing about that?

Not right off hand no.

And then the black lady that was uh..murdered inside Wingfield park by the bathroom?

Oh, I remember hearing about that yeah, yeah, that's just after I came to town, that was what ninety five (95) (inaudible..)..

It was in ninety seven (97) it was right after the floods, right after the floods.

..was that in ninety seven (97)? Okay. Yeah, no I heard about that one yeah.

Yeah.

Yeah.

But is there anything that you feel that you need to bring about what happened the night that you committed this murder, is there any details that we've missed or that you've missed..

When you met her the first time on Thursday night um..did she have a purse?

Yeah.

Or any..did she have..other than a purse any other belongings with her?

Just clothes on her and this funny ass hat.

Do you know what was in that purse did you go through it...

Well she dumped it..she dumped it out when we were there at the fucking uh..when we were there at the fucking bar she went to pick it up and spilled it all over the floor and I picked the stuff up, I helped her pick the stuff up, there was just odds and ends of paper and you know and make-up and .. and just bullshit people have in their purses..

Did you..did you take anything..anything of hers and converted it for your own use, from her purse..

Credit cards, checks...

..anything?

No.. Okay..

> Uh..don't take it like we're accusing you of anything, we're just..did you keep anything of hers?

No.

As a..as a momentum as a like a trophy?

No, no, no, no shit no. (sniffs) no.

DENNIS TERRY:

DENNIS TERRY:

Did..at any point did you ever see her ID DETECTIVE BURKE: card or did you know that she ever..did

she tell you she had an ID card?

Um um. DENNIS TERRY:

Or any identification at all? DETECTIVE BURKE:

No, never came up... DENNIS TERRY:

She never..she never mentioned to you DETECTIVE BURKE:

this isn't really my name I go by this?

She said well I told you what I thought DENNIS TERRY:

it was Iona or whatever, (inaudible..)

She didn't tell you her street name or.. DETECTIVE BURKE:

NO, no.. DENNIS TERRY:

Is there any possibility the injuries that you say you saw on her when you DETECTIVE RAFAQUAT:

first met her, were caused by you?

No. No. DENNIS TERRY:

DENNIS TERRY:

DENNIS TERRY:

DETECTIVE RAFAQUAT: Okay.

I did strangle her but other than that. DENNIS TERRY:

While she was with you.. DETECTIVE RAFAQUAT:

No..

..did you physically abuse her.. DETECTIVE RAFAQUAT:

No, no..

DETECTIVE RAFAQUAT: ..in any way?

No, actually I was real nice to her DENNIS TERRY:

(laughs) up to a point that's why she

stayed.

If I were to ask you one thing about her DETECTIVE RAFAQUAT: that you still picture and it kind of I..I'm not going to ask you if it haunts

you but it kind of flashes in front of

you all the time, what would that be?

(inaudible..) puppy dog pathetic, pathetic.

And if I were to ask you one thing that you vividly remember that occurred during the act of killing her what would that be?

She didn't seem to fight too hard.

Which brings me to another point, I know you've said this but I want to verify this, did you..she scratch you, she slapped at you?

Do you see any?

But your also naked, I mean we haven't checked underneath..

No..

.. your shirt and .. which we will but ..

Go for it, go for it. No, no she didn't actually even struggle that hard it was kind of strange I thought but..like I say that's..why I just..I kind of have the idea that she wanted to be put out of her fucking misery anyway and..I think I just did her a big ass favor, I really do.

Terry, a couple of other administrative things and I believe we're done after that okay?

Okay.

Just so you know what's going to happen and I hate keeping you in the dark.

PATIENT IDENTIFICATION PHOTOGRAPH

DATE OF ADMISSION: June 13, 1996

DATE OF DISCHARGE: June 28, 1996

IDENTIFYING INFORMATION:

The patient is a 49-year-old white male, divorced living temporarily with friends, admitted on a Legal 95. Sources of information are patient, chart, and staff.

CHIEF COMPLAINT:

Patient feels servered and desperate.

HISTORY OF PRESENT ILLNESS:

This is the second Nevada Mental Health Institute and third overall admission for Mr. Dennis for depression. Patient has been followed as an outpatient by Dr. Meservy since his last admission in November of last year. He has been given Tegretol and Zoloft approximately 3 months prior to admission but has stopped these medications because of stomach upset and feeling they were not helping after a month. He was last seen in the Outpatient Clinic the day before admission and was recommended that he be admitted. States he feels cornered and desperate mainly because of recent housing problems and financial difficulties. His landlord for the rooming house he had been living in changed the rooms from two-person to one-person rooms which would require the same amount of rent per room and would increase his rent to an unaffordable level.

Patient currently subsists only on General Assistance and odd jobs. Patient left the rooming house 14 days prior to admission, spent the next 7 days in a motel, has been living with friends since that time. This problem has left him distressed; he wakes up several times at night, sleeping for 4 to 5 hours total per night; nightmares of being chased by a shadow; no interest; decreased energy; and decreased appetite. He indicates he had no trouble concentrating, and since he arrived at Nevada Mental Health Institute, he has good appetite and slept well overnight. States that he at one time felt like taking a swan dive off a building buthas not made any attempts. Does not know what factors prevented him from acting on his suicidal ideation. He has attempted suicide six times in the past, last attempt 3 years ago by carbon monoxide poisoning.

PAST PSYCHIATRIC HISTORY:

He was admitted in 1965 to Andrews Air Force Base for suicide attempt by pill overdose and November 1995 to Nevada Mental Health Institute for 10 days for Depression. He has few friends, limited social activities, no family relationships. Graduated from high school; had some community college courses in electronics while in prison.

Legal history includes prison from 1970 to 1972 for drug possession and 1980 for assault, fire-bombing of the home of a 50 year old who had impregnated his 15 year old stepdaughter. He has had numerous times in jail. Patient was adopted. Patient states that his adopted mother and uncle abused him sexually until her death in 1958 when he was 11.
